## Spring Valley Academy Request to Open a Cafeteria Account

Spring Valley Academy requires everyone purchasing food in the cafeteria to open a cafeteria account. The cafeteria account will track every item purchased by each student. This will enable us to provide a detailed report of your child's purchases and also help us be responsive to students' preferences.

All food is vegetarian and is available for breakfast, lunch and after school snack. When you open a cafeteria account, food can be purchased with either cash or by charging to the students' cafeteria account.

Purchase Method:	Cash Only	Charge to Café AccountBoth Cash or Charge
lease print clearly and complete	or each student i	n your family:
